MRS SHARDA DEVI
Social Activist
President

Sujas Sanskritik Sewa Sansthan, Jaipur has come past over a long path of development and is continuing its efforts in the line of its Vision, Mission, Goal and Objectives. The present success and forward trends are the result of our staff member's utmost involvement and commitment. Sujas believes in the ideology of working together, our focus is to create awareness to all humans. Prolonged handholding support to the target community through awareness and capacity building has resulted into strengthened people organizations in terms of information, knowledge and leadership. People movements' enormous diligence in the process initiated by SUJAS is an inevitable factor in the present accomplishments of SUJAS. The initiative aims to empower females through acquiring a skill to make them economically independent by various vocational programmes.

Presently the organization is engaged in grassroots development, self-employment, Women empowerment through SHG skill training &Up-gradation, designing, networking and advocacy. We think this is the best we can do to support and develop Rajasthan and India's Healthy Environment.

Our society backing them and giving them strength to be self- reliant and fight for their well -deserved rights. Right to Education and Right to Health are some of the basic rights which every individual of this world should be provided with, irrespective of their social status. Sujas leaves no stone unturned in ensuring that every individual who has been deprived of these for some reason, get the chance to avail these rights. To develop the capabilities of children and youths, we need to help them to build the culture of hope, trust and healthy relationship among people across India. At the same time our aim is not just teaching people but to empower them with the abilities to have access to all the basic necessities of life enabling them to earn respect and dignity for themselves and their future generation.

Our Activities

Agriculture Awareness Program: Farmer Awareness Programmes were also organized in different parts of Rajasthan. In Rajgarh, Alwar District Training was provided to groups of 50-70farmers on seed production and seed technology. Training farmers includes field demonstrations, capacity building of stakeholders/ farmers through field visits on concept of integrated farming, climate change adaption, Good Agriculture Practices on soil, water and crop management. The focus is to give pace to the growth rate of agriculture development and crop production and productivity which will strengthen the economic status of the farmers and uplift their life-style.

Skill Development Programmes:

Skills development is the process of identifying your skill gaps, and developing and honing these skills. It is important because your skills determine your ability to execute your plans with success. Courses and workshops are great ways to quickly develop skills. Think of it as a concentrated source of information that has been organizing into a structured program for your learning on the workshop with a lot of activities allow for experiential learning, When you attend a training, you are in the Sujas of like-minds, which gives you added motivation and social support in your goal.

Women Empowerment:

Role of self-help groups- Empowering Rural Women in India. Self-help groups [SHGs] are small voluntary association of the rural women from the same socio-economic background who work together for the purpose of solving their problems through self-help and mutual help. Self-improvement is a self-guided improvement—economically, intellectually, or emotionally—often with a substantial psychological basis. Many different self-help group programmes exist, each with its own focus, techniques, associated beliefs, proponents. Poverty is one of the major problems in India, it is the root cause of many socio-economic problems including population explosion, unemployment, and child labor and rising graph of crimes. Poverty alleviation should be the main target of the nation so as to make it a prosperous and developed country.

Health

Promoting awareness of community health issues and preventative action is a vital part of our Foundation's mission and impact. Through the generosity of our donors and engagement of healthcare professionals and volunteers, the community is provided with helpful and hopeful information and assistance. To enjoy a healthy life, we should maintain our lifestyle healthy. Nowadays, people are more concerned about their health. Due to this reason, there is a rise in the popularity of gymnasium, yoga and organic food. Health awareness Program can help people to take proper prevention against any health problem.

HIV/AIDS Awareness Program:

HIV awareness is a key component in preventing and reducing its fear and stigma prevalent in the community. On the occasion of world HIV AIDS week, Sujas organized awareness programs for educating youngsters in the community so they can be the source of change and not the carriers of this deadly disease. The main objective behind this initiative was to provide all necessary information, facts about this disease, what are the modes of its transmission, how it can be prevented by adopting appropriate safety measures and what can be done at a larger scale to arrest the incidences of its infection by applying the formulae of community education and sensitization.

Child Labor Education: To generate awareness on the amendments in child labor Act for providing support enforcement of child labor legislation. To protect children for labor exploitation and ensure quality education to children withdrawn for work.

We take up the problem at its roots. We are aware that it is the poverty status and lack of awareness about the importance of education that compels a family to send their children to work as child labor. We make an in-depth study of the family.

Women and Child Health Awareness Program discussed By Nukkad Natak:

The programme is aimed at educating people towards gender equality, women empowerment and awareness about the health issues faced by women. Creating awareness on the right to clean and safe drinking water and sanitation. They emphasized the importance of building a better and clean environment for improved health. The message to promote better health and hygiene practices at the personal was given loud and clear. Child health, about nutrition at an early age also helps minimize the health concerns that are associated with a poor diet. Making these smart healthy choices everyday is very important to stay fit, healthy, and happy.

Ayurvedic Medical Camp:

Vaidh Shree Pawan Sharma is working on a campaign where we can literate village people about Ayurvedic medicines and their positive results on human body, because Ayurveda has medicine for every disease and cure for those diseases as well. Ayurveda and natural products for the wellness of human beings. Rajasthan state to promote Ayurvedic treatment and create awareness about Ayurveda as a natural course of complete health & well-being.

Cancer Awareness Program:

To create awareness about the disease, make a Positive difference in the lives of Women. Sujas helps and empowers women by providing Breast Health Education. Extending guidance, counseling and emotional support to the patients to help him/her to come in terms with the illness and to infuse hope and an optimistic attitude.

Campaign for Environmental Awareness:

Day by day we see how nature suffers from the carelessness of people whose behavior damages our environment. We love nature and the gifts that it offers, but being thankful is not enough. Thus, we have gathered young, elderly, children, teachers and parents, to plant small trees in the courtyard of the kindergarten to show that voluntary acts have no obstacles or age limits; campaign aims to promote environment awareness.

Sujas RS-CITComputer Center:

RKCL RSCIT is a high quality and low cost IT literacy program which offers a novel curriculum, excellent study material and learning management system in local languages. A state-of-the-art delivery mechanism leads to online examination and instant e-Certification. In general, it is a basic computer awareness course introduced by the State Government of Rajasthan for the local people of the state and the online certification.

Girls/Boys Music and Dance Programs: Music and dance gives people the opportunity to move in unison and have shared moments which unite them. Dance benefits the society as it is a form of entertainment. Mr. Ishwar Mathur has trained 87 girls-boys for dance program.

Yoga: We had organized a program in Mansarover, Jaipur. All important components of health and well-being. Yoga as a moving meditation practice will help build self-awareness through conscious movement and a focus in the present moment. The art of practicing yoga helps in controlling an individual's mind, body and soul. It brings together physical and mental disciplines to achieve a peaceful body and mind.

Integrated Watershed Management Programme (IWMP)

IWMP is implemented by Department of Land Resources of Ministry of Rural Development. The main objective of IWMP is to restore the ecological balance by harnessing, conserving and developing degraded natural resources such as soil, vegetative cover and water. SUJAS has Integrated Watershed Development in Alwar under Watershed Development Programs, under which villagers, Panchayati Raj representatives to agriculture experts, engineers and animals under Watershed Development of advanced methods of agriculture, life skill, engineering in detail the information.

Animal Husbandry activity:

Animal Husbandry activity is one of the programmes envisaged by SUJAS for enhancement of milk production and to take care of farmers. From the beginning itself it is said that cattle's health is the wealth of farmer as well as of the dairy as it brings growth to farmers and the organization, minimizes digestive, metabolic, and infectious diseases, reduces calf mortality; Immunization programme to avert outbreak of diseases; educate the member producers' about animal welfare, hygiene, nutrition, management aspects; Distribution of mineral mixer to 128 animals.
